Response: Yes, the contractor will own the millings.

Question: The existing roadway surface is to be removed and then shimmed; will shim placed in the island areas be deducted?

Response: The amount of shim placed in the island areas will not be deducted, but when feasible should be kept to a minimum.

Question: Is the removal of existing UD to be paid as Common Excavation?

Response: Refer to General Note 44 in the Plans for payment for the removal of existing underdrain that is designated in the plans for removal.
